12) Legal reserves

As required by the Commercial Companies Law of the Sultanate of Oman, 10% of the profit of each year is transferred to a legal reserve until the reserve reaches a minimum one third of the issued share capital. The company has resolved to discontinue any further transfers to this reserve, as the reserve equals one-third of the issued share capital. This reserve is not available for distribution.

13) Reconciliation of cash

For the purpose of statement of cash flows, cash includes bank balance and cash.

14) Short term loan

The loan is repayable within one year of the balance sheet date. The loan is unsecured and carried interest at current market rates.

15) Segmental information

The company's operating revenues arise primarily from the marketing and distribution of petroleum products only in Oman.

16) Contingencies

At 31 December 2009 the Company had contingent liabilities in respect of guarantees and other matters arising in the ordinary course of business, from which it is anticipated that no material liabilities will arise, amounting to RO 894,045 (2008 : RO 424,372).

Included in the Company's operating revenue and cost of sales are amounts of RO 691,214 and RO 608,804 respectively which are under discussion with the relevant Ministries, customers and a supplier in Oman. The company has recognised sales and the corresponding liability. In the event that the outcome is not in the Company's interest, the potential impact to the Company's profit after tax is approximately RO 69,134.

During the year, a supplier has charged the Company an amount of RO 332,419 for the difference in prices pertaining to the period from August 2007 to May 2009 which is not recognised by the Company as management considers that the claim is not tenable based on a legal opinion.
